Hiers of Pine Bluff, second vice president and Dr. Barton W. Duket of Little Rock, secretary.

## Test Proves Wrinkles Go

See Marvelous Results in just 2 weeks or Test Costs Nothing

Through the amazing benefits of a substance new to cosmetics, named Genava, aging skin can now look younger and younger. It's true! Genava acts in an entirely different way to correct aging dry-skin wrinkles, crow's feet, thin papery texture. Small wrinkles disappear—even deep wrinkles show great improvement. Skin becomes smoother in appearance. Now you can prove these amazing results to yourself.

### Make Half-Face Test

Apply Genava twice daily—under make-up and overnight—to only one side of your face. In just 2 weeks skin takes on the appearance of youthful firmness, with dry-skin wrinkles vanishing—crow's feet diminishing. Many small wrinkles completely gone!

And, mind you, this is not a cover-up, not astringent, not temporary. Dry-skin wrinkles really do diminish or disappear entirely.

### Get Visible Results or Money Back

Use Genava for 2 weeks. If you are not thrilled with the remarkable improvement—if you do not see visible improvement in dry-skin wrinkles and lines—return unused portion of Genava where you bought it for immediate cash refund. Stores are authorized to refund money on request. Genava, \$3.50 for the 30-day supply, \$5.00 for the 75-day supply. See this dramatic improvement in wrinkles yourself or the trial costs nothing.

## Court Had to Allow School Election

LITTLE ROCK (AP) — The Arkansas Supreme Court said Monday it had received litigation concerning the recent school election so late that it could not give the case adequate study but that the Little Rock School Board members who were defeated could pursue postelection remedies.

"If a court, trial or appellate, can at the 11th hour prohibit a regular election, regularly called, it is at once apparent that the control of judges over the election process goes far beyond reasonable limits," wrote Justice George Rose Smith.

"When the present case was presented to us, four days before the scheduled election, our only sound course was to let the election be held, leaving the parties to their postelection remedies, which are unquestionably adequate."

Circuit Judge Tom Digby had ruled that the incumbents, Dr. John A. Harrell Jr. and Mrs. Frank N. Gordon, did have to stand for re-election last Tuesday. The Supreme Court, however, overruled Digby and forced the election.

The 1967 legislature changed the date of school elections from September to March. The attorney general's office had said that Harrell and Mrs. Gordon were entitled to serve until September.

## ABC to Air Procedure on Mixed Drinks

LITTLE ROCK (AP) — A recent attorney general's opinion, which said that the sale of mixed drinks is illegal, is to be discussed today by the members of the state Alcoholic Beverage Control Board.

Harrel Hughes, director of the ABC, said the board would attempt to determine what procedure it should follow in light of the ruling.

## Obituaries

NEW YORK (AP) — Francis X. Scafaro, 61, native of Italy who rose in the world of finance to become senior vice president of the Bank of America, died Monday after suffering a heart attack at his office. He joined the bank in 1948 after 25 years with Morgan Guaranty Trust Co.

PHILADELPHIA (AP) — William A. Schnader, 81, former attorney general of Pennsylvania, died Monday. Schnader ran unsuccessfully as Republican candidate for governor in 1934. He was a former president of the Pennsylvania Bar Association.

## U.S. Workers Against War Under Probe

WASHINGTON (AP) — The House Committee on Un-American Activities is probing an organization of federal employees who oppose the U.S. role in Vietnam.

The employe group, "Federal Employees Against the War," has circulated a petition protesting the war. A spokesman said Monday more than 900 workers have signed the petition and added the signatures are collected during off-work hours.

"If such a thing is going on within the government itself, the country should be advised of the facts," said Chairman Edwin E. Willis, D-La., of the Committee on Un-American Activities.

Willis also said he is sponsoring a bill to give the President authority in time of war or armed conflict to suspend, and after a hearing, dismiss, certain government employes whose activities are judged to have increased the burdens or endangered the lives of U.S. fighting men.

Other war-related developments:

— Sen. Edward W. Brooke, R-Mass., told newsmen in Los Angeles he thinks President Johnson might ask Congress for a declaration of war against North Vietnam.

"This would put the onus on the Congress to make a decision," Brooke said.

— The State Department said arrangements are being made to return 3 of 17 North Vietnamese sailors who have been held as prisoners of war since 1965.

"Thank goodness we live in a free country, where a man may say what he thinks . . . If he isn't afraid of his wife, his neighbors, or his boss . . . AND if he's sure it won't hurt his business or his reputation."

This bit of timely philosophy crossed our desk and we thought it worth passing on because it is just about the way things crumble . . . cookie-wise.

However, and thank goodness, Raley's Style Shoppe is one place where a customer can and may say exactly what he or she thinks about the clothes. We realize there are enough different styles for everyone and that no one need purchase a single thing they do not especially like. We try to sell (we love it!) but we want YOU to do the choosing.

It is easy as pie right now. The reason being, our stock is at its full height; we have the most of everything we will ever have and the time for buying is NOW! We could fill this whole page with descriptions if we could afford the space, but we would much rather have you come in and try on and see for yourself.

We also invite you to attend Daffodil Garden Club's annual Dessert Bridge and Style Show on Thursday, March 21st—12:30 noon—at the Presbyterian Church.

An added attraction this year will be an Art Exhibit by our own Mable Willis, who now resides in Longview, Texas. Mrs. Edward Aslin, Mrs. Clyde Fouse, Mrs. Jon Leine, Mrs. John B. Love, Mrs. Chas. Wilhite, Mrs. Kinard Young will model for

## Winter in Parting Shot Across Plains

Winter threw a parting shot of snow and cold across the northern Rockies and plains today while heavy rains and melting snows swamped parts of the Northeast and left thousands without electricity.

Widespread flooding—the result of two days of torrential rain, melting snows and ice jams—hit southern New England Monday. Thousands in southeastern Massachusetts and Rhode Island were left without heat, electricity and phone service when streets and cellars flooded.

Massachusetts Civil Defense spokesmen said up to 800 families required emergency shelter, but generally mild nighttime temperatures allowed others to remain in heatless homes. Rainfalls of 4, 5 and 6 inches were common over the Sunday-Monday period in the region.

## Clubs Told to Abolish Mixed Drinks

LITTLE ROCK (AP) — The Alcoholic Beverage Control Board today issued a directive to abolish the sale of or dispensing of mixed drinks in any private or country club in Arkansas.

The board said a reasonable amount of time would be given for clubs to dispense of their material and equipment but that the directive abolishing the dispensing of drinks would be effective immediately.

Sale of mixed drinks is illegal in Arkansas, but they have been dispensed in country clubs and private clubs.

## Impossible to Raise Art Center Cash

LITTLE ROCK (AP) — William F. Rector, the chairman of the finance committee of the Arkansas Arts Center, said Monday night that it would be impossible to raise the \$130,000 the arts center needs without the help of Little Rock.

Rector made the statement before the City Manager Board and asked that the city contribute \$50,000.

Rector said Gov. Winthrop Rockefeller and his wife would match the \$130,000 if the Arts Center could raise the sum. Rector said the money was needed to the Arts Center could have an operating budget of \$450,000 in 1968.

He said he would recommend that the center be closed if the money is not raised.

"It has been an almost insurmountable job to get this community to do what it ought to do," Rector said. "In my opinion, it can't be done."

## Fire Destroys Damaged Store

ROGERS, Ark. (AP) — A furniture store damaged last week when a heavy snow caved in its roof was destroyed Monday in a pre-dawn fire that also burned down a building that housed a janitorial service and an electrical repair shop. Firemen said the blaze apparently started in the furniture store, but the cause was not determined.

## CLAIM RAIDS

From (Page One) 24 hours before they take on the tentative coordinates' locating the attack on the map. The B52s fly to targets in Vietnam mainly from Guam and Thailand. It is possible, U.S. officials admit, for Russian trawlers to pass on information about the planes taking off from Guam, and for agents in Thailand to do likewise.

But this would give a few hours warning at most. Earlier warning would mean that the Communists are intercepting coded U.S. military messages or that they have other access to advance information on the B52 raids.

Lt. Dong said every time North Vietnamese troops in his area were warned a B52 raid was on the way, they hid in trenches.

"Maybe nothing would happen," he said, "but about 50 per cent of the time the B52s did come."

Luong Dinh Du, one of the defectors, said he had seen a B52 strike wipe out one-quarter of his battalion.

## More Acres Diverted From Cotton

LITTLE ROCK (AP) — The state office of the Agricultural Stabilization and Conservation Service said Monday that 15 per cent of the state's cotton allotment of 1,317,291 acres would be diverted from the production of cotton to conserving uses this year.

The agency said Arkansas farmers had agreed to the diversion of 189,949 acres.

Arkansas farmers diverted about 33 per cent of the state's allotment — 407,352 acres — to conserving uses last year. The cutback was expected because the Agriculture Department set lower diversion rates this year.

## New Religion, Man Refuses Active Duty

LITTLE ROCK (AP) — Paul Collins Williams, 24, of Little Rock said Monday that he could not execute an order to active duty because of his religious convictions.

Williams, a Quaker and a seaman in the Navy Reserve, was ordered to leave for San Diego Monday for two years' active duty.

Williams, however, returned his active duty orders, his travel authorization and his last Reserve paycheck to the Naval Reserve Center.

Williams said he had petitioned the Navy for a discharge as a conscientious objector, but that the petition had been denied. Williams says he enlisted in the Reserve in December 1966 and a month later began attending meetings of the Society of Friends (Quakers).

He said he became a Quaker last October.

He is now liable for prosecution by a summary court-martial for being absent without leave.

### TOO YOUNG TO VOTE BUT NOT TO DIE

Dear Helen:  
I suppose people get tired hearing it, but without being reminded, they forget.

At 18, we're old enough to die for our country, but not to have a say in running it. Maybe they'd let us 18 - to 21 - year-olds vote, a lot of us wouldn't have to die. Are the politicians afraid we'll upset their plans?

If something isn't done soon, it will be another four years before we can vote for a president. And another, and another, for the 18, 19 and 20-year-olds, who are "adults" on the battlefield, but children at the polls.

I'm sure you're with us, Helen, but how do we get the vote? - 18

Dear 18:  
Yes, I'm with you. It's a continuing disgrace that young people are asked to die for a country which allows them no legal voice in its affairs—though I can't say your voice is exactly unheard throughout the land!

Keep raising it, but don't expect overnight changes. Women took centuries to get the vote—and they yap louder. — H.

Dear Helen:

I like a certain boy a lot, but he's going steady, though he seems to prefer me to his steady. I don't really think it's so

great, him three-timing all of us. What should I do? - CONFUSED  
Dear Conf:  
Play his game. It isn't all that hard to like several boys at once. A growing number of "unsteady" teens agree this is the only way to fly. — H.

Dear Helen:  
I met a guy when I was 14. At 16, I had his baby. Now I'm 21, and he's married to someone else. She was smarter than I was—she made him marry her! He keeps coming to see me and says he loves me, but he can't leave his wife because of the children.

I stay home all the time, waiting for him. My son needs him too. I had him first. Doesn't that mean anything? — L.S.

Dear L:  
It means only that his wife KNEW—and knows—how to throw her weight around, and you've wasted seven years waiting around for the wrong man. Get smart! — H.

Dear Helen:  
I'm 11, and quite able to take care of myself. I asked my father if I could buy a canary, and he refused because we have a dog. What's a dog got to do with a canary? I could see his point if we had a cat.

How can I make him see? — E.P.

Dear E:  
Indirect persuasion works best at our house. When our kids want a certain kind of pet, they start collecting pictures. Next come books and articles. Then they "babysit" the neighbor's pets, proving how little trouble they are. Before we know it, we've warmed to the idea, even as we know we're being snowed. That's how we happen to have

a parakeet and a cat presently, and you wouldn't believe it but our bird's favorite hobby is nibbling at our cat's whiskers. If these two can be friends, your dog and a canary shouldn't create a problem. — Happy persuaded. ing— H.

## Says Rocky to Announce Thursday

NEW YORK (AP) — The New York Times said today that Gov. Nelson A. Rockefeller will announce Thursday that he will seek the Republican nomination for the president and that he will enter the Oregon primary May 23.

The Times gave no source for its story. Reached in Washington, the governor's press secretary, Leslie Slope, said "I know nothing about it."

Earlier in the day, Slope had told newsmen here that Rockefeller would have an announcement Thursday or Friday but did not say whether the governor would give the "go" signal or continue his 18-month-old refusal to seek the nomination.

The Times said that Rockefeller's statement was already being drafted by speechwriter Hugh Morrow, but that his advisers were still undecided on what stand to take on Vietnam. According to the newspaper, Sen. Jacob Javits, R-N.Y., and retired Lt. Gen. James M. Caviezel have urged the New Yorker to picture himself as a "moderate dove."

## Duke Upset in the NIT Tournament

By MIKE RECHT  
Associated Press Sports Writer  
NEW YORK (AP) — "Win, Run, baby, run."

Don Kennedy's simple formula was written in chalk on a small blackboard in the St. Peter's dressing room.

Before Monday night's quarterfinals of the National Invitation Basketball tournament were over, it was imprinted in the tired legs of the Duke Blue Devils, the minds of an awed record crowd of 19,500 and certainly in the thoughts of the Kansas Jayhawks.

Kennedy's Peacocks followed his writings to the letter, exploding in all directions at the opening tipoff and stampeding the 10th-ranked Blue Devils 100-71 with sharp-shooting, deft ball-handling and speed, speed, speed.

The display, one of the most devastating in NIT history, was witnessed by Kansas, whose slow deliberate style caught Villanova in a deep freeze 55-49 in the first game. Thus the Jayhawks got some idea of what they must stop when St. Peter's fuels up for them in the semifinals Thursday night.

The other semifinalists will be determined tonight when powerful Dayton takes on underdog Fordham and Long Island U. and Notre Dame clash.

St. Peter's, now 24-2, which upset Marshall in the first round, wasted little time making believers of big, slow, huffing and puffing Duke, the top-seeded team. The Peacocks burst out of the starting blocks and in almost the time it took to play the National Anthem, they had a 15-0 lead.

It was all downhill from there as the tiny New Jersey school stepped boldly into the national spotlight.

"Last week they made fun of us," said Elandro Webster, the 6-foot-5 tallest starter who hit 51 points against Marshall and 29 against Duke, including 21 in the first half that ended with the Peacocks ahead 50-29.

"No one knew where St. Peter's was—now they know."

## Loss Returns to Arkansas to Coach

LITTLE ROCK (AP)—George Loss, who compiled a fantastic record while coaching football at St. Anne's of Fort Smith, will take over as football coach at Little Rock Catholic High School it was announced Monday.

Loss' teams had a 116-5-3 record during his 13 years at St. Anne's. Loss coached Perryville, Mo., High School to a 7-3 record last season.

Loss will succeed Mike Halham who is leaving Catholic High for a job at Little Rock McClellan High School.

"I think we were very fortunate in hiring a coach of Coach Loss' caliber to follow Coach Halham," said Father George Tribou, the Catholic High principal. "I believe he's one of the few men who would be able to step into Coach Halham's shoes and carry on a successful program here."

## Chamberlain Posts More Cage Records

By KEN RAPPOPORT  
PHILADELPHIA (AP) — Wilt Chamberlain's thoughts were 90 miles away. But he still had one of his finest hours in pro basketball — 53 points, 32 rebounds and 14 assists.

After the 7-foot-1 Chamberlain led the Philadelphia 76ers to stunning 158-128 National Basketball Association victory over Los Angeles Monday night, all he could say was: "I'm just happy that Kansas beat Villanova."

Chamberlain went to school at the University of Kansas, so it was natural that he should be concerned about his alma mater, playing in the National Invitational Tournament at Madison Square Garden in New York.

When a voice said over the loudspeaker that Kansas had beaten Villanova, 55-49, time was called and Chamberlain did a brief strut in the third quarter. It was a real crowd-pleaser. "I just felt good," said Chamberlain, "very happy."

Chamberlain's theatrics during the time out, however, wasn't even a poor second to his remarkable show on the court in a game that cracked four records and tied another: — Most field goals in a game by both teams, 126 (broke the record of 125 set by Syracuse and San Francisco on March 10, 1963).

— Most field goals by two teams in a half, 73 (broke the mark of 70 set by Boston and Minneapolis Feb. 27, 1959).

— Most assists by both teams in a half, 45 (broke the standard of 42 held by four different pairs of teams).

— Most field goals for two teams in a quarter, 41 (broke the mark of 40 set by Boston and Minneapolis on Feb. 27, 1959).

Chamberlain scored 20 points in the first half, but really turned it on in the second with 33.

## Mexico Has \$26 Million in Olympics

By STRATFORD JONES  
MEXICO CITY (AP) — If the Summer Olympic Games were cancelled tomorrow, the Mexicans figure they would be out around \$26 million.

But officials of the Organizing Committee here are not thinking in terms of cancellation and they're going ahead with building plans which figure to reach \$84 million before the end of the Games scheduled Oct. 12-27.

The threatened boycott of some 40-plus nations protesting the admission of South Africa has thrown a cloud over the country's organization efforts but hasn't throttled them.

"There are no plans for cancelling the Games," insists Pedro Ramirez Vazquez, chairman of the Mexican Organizing Committee. "We are sure that all will be resolved and that the games will be a success."

"Work continues at the same pace as before,"

Avery Brundage, president of the International Olympic Committee, has called a meeting of the nine-man Executive Council in Lausanne, Switzerland, April 20-21 to reconsider the IOC decision last month restoring segregationist South Africa to the Olympic movement.

Thirty-two African nations, performing as a bloc, and close to a dozen other countries have announced they won't compete at Mexico City if South Africa is permitted entry.

The Soviet Union and its satellites have issued mild threats, but taken no definite action.

Mexico estimates that its outlay for the Games will be around \$84 million, with \$40 million for construction and \$44 million for organization.

Ramirez reports that 80 per cent of the construction money and 60 per cent of that for organization already has been spent.

The construction money, however, is being used for permanent facilities.

Alvarez de Castillo, in charge of the committee finances, says estimates are that Mexico will recover between \$32 million and \$40 million when the games are completed.

This money would come to Mexico through sale of concessions, television rights, tickets and lodging for tourists, all of which are being handled by the government.

## Dean's Team Wins in Play at Waldo

In the Waldo Independent basketball tournament play last night Dean's Truckers downed Lewisville by a score of 118 to 108 with Clinton Kidd leading the scores with 38 points.

Charles Sooter tossed in 32 and Varner Kidd 22 for the winners. For Lewisville Foster was high with 39 and Marcum had 22 points.

## Little Doubt Detroit Will Be Contender

By JACK HAND  
Associated Press Sports Writer  
LAKELAND, Fla. (AP) — Detroit hasn't won a pennant since Steve O'Neill's World War II club in 1945, but it never will come much closer than last year.

Mayo Smith has been tormented all winter by the memory of that final Sunday in October when he still had a chance to tie Boston until the late innings of the second game of a doubleheader with the California Angels.

"I thought 92 would win it last year and it did," said Smith whose first Tiger team wound up with a 91-71 record in a second-place tie with Minnesota. "I think 92 will win it again."

A breakdown in the bullpen is blamed for the Tigers' failure to win it all last season.

"Our bullpen wasn't that bad," said Smith. "Everything that happened in the last two days was magnified. Fred Gladding, Mike Marshall and Fred Lasher all did a job for us, but we never had one guy who could do it day after day."

Gladding is gone now, the price the Tigers had to pay to get Eddie Mathews from the Houston Astros last summer. Dennis Ribant has been acquired from Pittsburgh in a deal for Dave Wickersham.

"My four starters are Earl Wilson, Joe Sparrma, Denny McLain and Mickey Lolich," said Smith. "John Hiller will relieve and do spot starting."

Smith's bullpen consists of Marshall, Lasher and Pat Dobson last year, plus Ribant and hopefully some rookies. He is taking a long look at Tom Timmerman, a 7-6 performer on the Toledo farm, and Les Cain, a 20-year-old left who was 11-13 at Montgomery in the Southern League. The veteran Hank Aguirre is a questionable factor.

Despite the 22 wins by Wilson, 17 by McLain, 16 by Sparrma and 14 by Lolich, the staff was seventh in the league. Pinch hitters batted only .158, and the Tigers left more men on base, 1,211, than anybody in the league.

Smith has been running a competition for first base between Norm Cash, whose averaged sagged to .242 last season, and 36-year-old Mathews who moved to first from third last year. Dick McAuliffe, 239 last year, and Don Wert, who batted .297 in 1967, are set at second and third.

Shortstop belongs to weak-hitting Ray Oyler, .207. Dick Traubowski and rookie Tom Matchick probably will be the backup men. Jerry Lumpe has retired.

Willie Horton, taking it easy after a post-season leg operation, is counted upon to handle left field. Jim Northrup returns to center and old reliable Al Kaline, still hoping to make a World Series before he quits, is in right. Mickey Stanley and Gates Brown are the extra outfielders.

## Pistons Win to Take Half Game Lead

By THE ASSOCIATED PRESS  
Jimmy Walker unlocked the Eastern Division tie for the final playoff spot in the National Basketball Association with some key points, but the battle still rages.

Walker, rookie backcourt ace from Providence, fired in eight points in the final quarter Monday night as the Detroit Pistons squeaked past Seattle 88-82. The victory on the West Coast sent the Pistons one-half game ahead of the Cincinnati in the battle for fourth place.

In other NBA action Monday, Philadelphia, with Wilt Chamberlain pouring in 53 points, clobbered Los Angeles 158-128 at home and New York tripped the Warriors at San Francisco 123-118.

In the American Basketball Association, New Jersey trimmed Houston 113-103, Pittsburgh slammed Anaheim 135-118 and Denver topped New Orleans 108-101.

Dave Bing also contributed 10 of his 16 points in the Pistons' low-scoring victory, marred by turnovers and highlighted by great defensive play. Walker finished with 21 points while Walt Hazzard topped the Super-Sonics with 22.

Detroit has only one game remaining—Wednesday night at Boston—while Cincinnati plays at Philadelphia tonight and in New York Wednesday. If the two clubs are tied after the season ends, a playoff for the remaining spot would be played Friday in Detroit.

Chamberlain, with one of his finest games this season, added 32 rebounds and handed out 14 assists. The 7-foot-1 center connected on 24 of 29 shots from the field as the Eastern Division champs, warming up for the coming playoffs, shot a sizzling 57.1 per cent.

Hal Greer added 32 points for the 76ers. Mel Counts topped Los Angeles with 26 points.

A three-point play by Bill Bradley put the Knicks on top to stay at 34-31 in the second quarter and Cazzie Russell's 13 points in the same quarter pushed New York's lead to 68-59 at halftime.

San Francisco, which ended its season, did get within four points of New York with a minute left but never had the ball again.

San Francisco meets Western Division champion St. Louis in the first round of the playoffs Friday in St. Louis.

Willis Reed topped New York with 29 points and Russell followed with 26. Rudy La Russo was high for the Warriors with 29.

## New Orleans Rider Hopes For Big Time

By JOHN S. LANG  
Associated Press Writer

NEW ORLEANS (AP)—The worst loser in the world grinned, took another huge chomp on a candy bar and explained in a slow Texas drawl why he had been the winningest jockey at every track he had raced the past year.

"I'm greedy," said David Whited. "I'm a terrible loser, the worst in the world. And I'm jumping on every horse I can get."

Whited was the leading jockey at the Fairgrounds with 49 winners, 37 second and 24 third place finishes as of the season's 55th day. He maintained a victory margin over the next ranked jockey despite being suspended 10 days for rough riding and lodging a foul claim deemed frivolous.

But his impressive record wasn't made easily.

One thousand, two hundred times in the past eight months Whited mounted a horse and whipped it around a track with all his skill. He crossed under the wire in front 300 times.

Before the season started here, Whited rode 118 winners in 80 days at Detroit for a track record. He set a record at Omaha with 52 wins in 40 days and was leading jockey at Grand Island, Neb., with 28 firsts in 14 days.

"Yeah," says Whited, "this is my bid for the big time. This track, you might say, is my stepping stone to the big time—maybe."

The career of Whited, now 25, goes back to when he was growing up in Texas, where horse race betting is illegal.

"I started riding at 8 or 9, like a kid riding a motorcycle, except of course I got paid for it. My people were farm people around Fort Worth and we had a lot of horses around."

"Then I didn't know what a jockey was supposed to do. I thought you just went and rode down the cotton patch on Sunday. I just weighed 35 pounds—not strong enough to do anything with a horse but hold on."

"I can pull one up now, but I learned that a horse has a mind of its own, and you don't handle a horse whether you weigh 35 pounds or 135 pounds. You out-think him."

Whited has a theory that a horse race is 100 per cent the efforts of the horse and maybe an extra one per cent the skill of the jockey.

Handicappers at the Fairgrounds, however, are playing the odds in

## Louisianians Beat Tech

RUSSELLVILLE, Ark. (AP) — Buena Vista College of Storm Lake, Ia., which had been scheduled to play the University of Arkansas Monday, came here instead and defeated Arkansas Tech 7-2.

Buena Vista's game with Arkansas was canceled because of wet grounds.

Buena Vista scored in five separate innings against the Wonder Boys. The two teams are scheduled to play today and Wednesday.

favor of Whited. For instance, the cab driver who recently drove a passenger to the track:

"Hell, I didn't want a fare out here today. I'll probably stay and bet all my money. You know about Whited? He had three straight winners Saturday. I think I'll just stay out here and bet right through on Whited."

Whited's first race of the day was for 2-year-olds. One tout didn't think Whited's horse was a good bet.

"That's a baby race," he mumbled around his cigar. "I wouldn't bet Whited with counterfeit money, and the jock's all you can bet 'cause you don't know anything about the horse. He's no good on 2-year-olds."

Whited won going away by several lengths.

A few minutes later in the jockeys' lounge, "Congratulations, Dave."

"Oh, did you bet me? Good. See, I'm happy, everybody's happy. Everybody except that jockey over there. He's not happy. He rode my horse last week, but he got bumped. I've been in that position. It's a cut-throat business."

Whited finished out of the money in his next race. He was quiet and fidgety afterward.

"I told you I was a bad loser. Did you hear them boo me? I control my temper now because I'm older. You have to be careful, you can ruin yourself with temper. I control it better now and it makes a difference in the money I make, the friends I keep and the races I win."

"You know," he starts laughing, "when I'm off and go to the tracks and lose, I boo, too. I never boo the jocks, but I boo."

"It's being greedy but I hate to go a day without winning a race. It makes the day easier if you win. Everybody around you, when you miss a day, thinks you're in a slump."

Whited plunks down a dime for another candy bar, notes happily that he has no weight problem at 5-foot-3 and 115 pounds.

## Orioles Are Having a Bad Spring

By RON RAPOPO RT  
Associated Press Sports Writer

If a bad spring means a good season, the Baltimore Orioles have the American League pennant wrapped up.

The Orioles haven't exactly been tearing the Grapefruit League apart in the opening phases of the baseball exhibition season, but at least they haven't been afraid to get up in the morning. Until today.

Monday, the club made a routine flight from Miami Fla., to Sarasota, Fla., for a game with the Chicago White Sox. At least it was as routine as a flight can be after the pilot announces that an engine has been shut off.

Conversation was at an understandable minimum until the plane landed and, of course, the Orioles proceeded to get beaten by the White Sox 5-1. Their record now is 3-5.

In other games, Pittsburgh beat Detroit 7-2, Cincinnati took the New York Mets 5-2, Houston beat Oakland 6-4 in 11 innings. St. Louis overcame Philadelphia 8-7 and the New York Yankees lost 5-3 to the Mexico City Reds in Mexico.

The Orioles had barely left Miami when the pilot of their chartered DC7 noticed a runaway propeller on an engine and shut it off as a precautionary measure.

The game at Sarasota had barely begun when Pete Ward hit a three-run homer for the White Sox and Francisco Carlos shut out the Orioles for five innings as a precautionary measure. Which is the kind of a day the Birds had.

Matty Alou drove in three runs with singles for the Pirates, raising his spring training batting average to .400 and his RBI total to 11. Bob Veale worked five innings of three-hit ball for the Cubs.

Hal MaRae had a two-run homer for the Reds in their victory over the Mets. Second baseman Tommy Helms, spiked by Ron Swoboda in the fourth inning, may be lost for a week. The Mets now have lost six in a row.

Doug Rader's double with two out in the 11th drove in Houston's winning runs. The Astros collected 15 hits off four Oakland pitchers while the Athletics had seven hits, three for extra bases.

Philadelphia took a seven-run lead over St. Louis, but the Cards scored twice in the eighth and six unearned runs in the ninth to win.

The Yanks got a pair of homers—from Andy Kosco and Frank Fernandez—and seven innings of eight-hit pitching from Jim Bouton, but errors and timely Mexico City hitting proved to be their downfall. The Yankees have three more games south of the border.

NOTE DATE ABOVE

"There is a saying that jocks use to sum up this business," says Whited. "Chicken one day, feather the next." My philosophy is: get yourself a coop of chickens."

TIME TO RELAX: Texas David Whited, who hopes to ride in the big time tracks, is shown relaxing in the jockeys' room at the New Orleans Fair Grounds. He starred on Detroit and Nebraska tracks last season.

## Annual Kiwanis Club Minstrel Set for This Month

### Four Wetbacks Held at P.B.

PINE BLUFF, Ark. (AP) — Jefferson County Sheriff E. F. "Buck" Olier said Monday that four Mexican citizens had been arrested and charged here with

entering the United States without inspection. He identified them as Moriez Rodriguez, 41, Jose Feliso Fover, 25, Natalio Quantanillo Ruiz, 24, and En-garcia Guerrero, 16.

People of Hungary prefer to be called Magyars.

### Driver Killed at Pine Bluff

PINE BLUFF, Ark. (AP) — James L. Chambers, 55, of Pine Bluff, was killed Monday when his auto struck a bridge railing on Arkansas 79, about five miles south of here.

This year's annual Kiwanis Club Minstrel will be held March 28-29. Money raised from this event over the years has meant thousands of dollars to local youth programs. Tickets may be purchased from any club member. Pictured is a scene from one of the minstrels.

Eight trumps in the combined hands constitute a satisfactory trump holding. The adverse trumps will divide 3-2 about 68 per cent of the time, so declarer should start his campaign by assuming a 3-2 break and continue by planning safety measures in case they do not.

South wasn't a good player. You can look at his bidding and see that he wasn't. A good player would have let his partner play three no-trump.

In addition to being a bad player, South was a talker. As soon as dummy hit the table he berated North for not having passed four spades. We agree that North should have passed four spades but most of the blame for getting into the never-never land between game and slam must rest on South's shoulders.

South was so busy talking that he proceeded to go down at his five spade contract. He won the first trick with the ace of clubs and promptly laid down his ace and king of spades. East showed out and, since no miracle happened in the side suits, South had to lose two trump tricks and a diamond and the rubber had been thrown away.

South had a safety play at his disposal. He should win the club in his own hand, cash the ace of spades, enter dummy with the ace of clubs, lead the nine of spades and play low in the event that East failed to split his honors. This play would guard against the actual 4-1 break with very little risk.

There would be some risk. The second club might be

# Kidnaped Girl, 4, Returned to Parents

By PAUL RECKER  
Associated Press Writer  
SAN ANTONIO, Tex. (AP) — FBI agents safely returned dark-eyed, curly-haired Dana Lynn Kelter, 4, to her parents late Monday night, about 10 hours after she was abducted at gunpoint by a man who demanded \$30,000 ransom.

The FBI said an agent found the girl bound and gagged in an isolated barn. She had apparently spent hours alone in the dark. A 56-year-old television repairman led agents to the barn about 30 miles north of San Antonio. The man was arrested after five times driving past a point where authorities, acting on telephoned instructions, had placed the \$30,000 ransom.

Bexar County authorities took custody of the man. He was jailed after giving a statement but no charges were filed immediately.

The child's father, attorney Marvin G. Kelter, 37, told newsmen: "If I ever had a doubt about the existence of God, I don't have it now because all my prayers were answered."

A maid, Mrs. Lupe Garcia, at the Kelter's fashionable home in suburban Castle Hills, said a man drove up in a white panel truck and posed as a repairman to gain access to the home about 1 p.m. The maid was alone in the house with Dana Lynn and another Kelter child, 7-month-old Tracy.

Mrs. Garcia told police the man, a stocking over his face, pulled a gun. He bound her with tape, she said, got some blankets and left with Dana Lynn.

The maid worked free and alerted neighbors who called police.

A penciled ransom note left in the kitchen warned against calling authorities, demanded \$30,000 in small bills and said instructions would be called at 7 p.m.

The call came at 7:40 p.m. FBI agents left the home carrying an airline flight bag. It was left beside a rural road northwest of San Antonio, about three miles from the Kelter home.

A district attorney investigator said the repairman directed FBI agents to the barn.

The FBI said Dana Lynn was found wrapped inside a pink and a white blanket, lying in a feeding trough in the barn, her mouth taped.

Kelter said the abduction was apparently the result of a "personal grudge" concerning a foreclosure, presumably by the savings and loan company operated by the victim's maternal grandfather, Louis Michaels. Kelter praised newsmen for suppressing reports of the abduction until the child was safe. "Your cooperation really saved her life," he told newsmen.

all AID-financed goods, the figure would total no more than \$200 million and probably would be closer to \$100 million.

"The problem you are exploring today is one we have wrestled with for several years," Poats said. "It is not easily solved—and we have discovered that what may appear to be solutions on paper are often simply not workable in reality."

He said the pattern of shipping expenditures has been examined by AID and that there are 16 nations—recipients of major U.S. aid—in which it would make sense to apply a new procedure on port charges.

The countries he named are India, Vietnam, Pakistan, Korea, the Philippines, Indonesia, Brazil, the Dominican Republic, Columbia, Ecuador, Chile, Peru, the Congo, Tunisia, Morocco and Turkey.

Poats said that since 1965 a practical means has been sought to avoid payment of the port-cost component of freight bills.

The question has come up particularly on donations of surplus food under the food-for-freedom program and from U.S. voluntary agencies which are sending assistance abroad on a humanitarian basis.

"These people-to-people donation programs derive much of their benefit from the manner in which assistance is bestowed," he said. "Therefore, until our own recent severe balance-of-payments difficulties made it necessary we hesitated to haggle with recipients over the 2 per cent of donated commodity value represented by port charges."

## \$6 Million to Schools in Riot Area

By JAMES R. NORMAN  
Associated Press Writer  
DETROIT (AP) — The Board of Education will use a \$6-million federal grant for five schools in an effort to change the course of education in Detroit's riot area.

"Instead of diffusing the money across the city," said Louis D. Monacel, assistant superintendent for program development, "the idea is to put a hell of a lot of dollars on a kid and see if it makes a difference with him."

The money was requested shortly after the riot last July. All five schools—three elementary, a junior high and a high school—are on the East Side and the pupils live in the same predominantly Negro neighborhood.

School Supt. Norman Drachler said the money, to be used over the next three years, is the largest such grant ever made. Monacel said elementary school classes will have 22 pupils or less and in some cases as few as three in prereading and premath classes.

Plans call for clusters of four teachers for every three classrooms. Now, Monacel said, classes with one teacher range from 35 to 45 pupils.

The junior high school will be assigned mathematics and reading specialists, in addition to counselors, a health coordinator and an extra administrator. A 4-H club was held March 13 at the community center with Gloria Merricks presiding. Devotion was conducted by the song leader, Sadie Merricks singing America the Beautiful. Nell J. Ogburn, the secretary, read the minutes; new business included plans for an Easter program and an egg hunt which will be held April 13th at the community center.

The program included songs, poems, readings, and an instrumental solo by Margaret Turner. Conducting the program was Winston Conway, the vice president. Visitors were Margaret Turner of McCaskill and Eunice Morrison of Hope. Also present were Mrs. A. T. Denham and Mr. C. B. Smith Assistant County Agents.

Remarks were made by the visitors and the main leader, Mrs. Joe Walker, Donnell Watts extended greetings to the guests. Refreshments furnished by the Ogburn family, were served by the club members.

The next meeting will be held April 10, Patricia Diane Watts, reporter

computer keyboard connected to a central computer will be for the use of junior high school math students.

An expanded high school science program calls for the study of chemistry, physics and biology in relation to pollution in the Detroit River, just a few blocks away. Special reading and mathematics courses also are planned for the high school.

The grant includes funds for planning a youth industries employment program, in which high school dropouts would be trained for elementary commercial ventures. The dropouts would be trained to form companies in which they would be both stockholders and employees.

Another program would provide training for dropouts in

such fields as computer operations. Monacel said the number of jobs in the computer field is expected to double in the next 10 years.

Each of the five schools will have as part of its administration a citizens advisory committee, Monacel said, consisting of local residents who would work with a policy board. The board would consist of 25 professionals from neighborhood agencies receiving federal funds plus 25 citizens.

The Detroit Teachers Federation, Monacel said, has agreed to waive normal contract requirements and help in picking appropriate teachers for the project.

The current teaching staff is about 60 per cent Negro in the five schools.

prations, which translates into about \$4 billion in actual spending cuts during the year beginning July 1.

Johnson followed the offer up by calling in a Minneapolis speech for national austerity to win the Vietnam war and solve problems at home.

Chairman Wilbur D. Mills, D. Ark., of the House Ways and Means Committee, the most powerful congressional holdout against a tax hike, expressed cautious interest.

"That word austerity pleases me," he told reporters. But he added he had not been consulted on the \$9 billion cut program. He would not say what he thought the spending cut figure

should total but presumably it would be higher than Johnson's. Chairman George H. Mahon, D-Tex., of the Appropriations Committee also declined to set a figure but said \$9 billion was inadequate.

His committee wants to trim everything in sight, he said, and as a first step will battle a \$215 million addition the Senate put on a \$1.2 billion catch-all appropriation bill passed by the House.

Rep. John W. Byrnes of Wisconsin, senior Republican on the Ways and Means Committee, said nobody had consulted him and said he was skeptical of any administration offers to cut spending until they were examined in detail.

"I want to see the program," he said. "I want to see the color

of their eyes." In other developments, the shift to a two-price system—a free market for privately held gold but continuation of the \$35 price on sales between governments.

The New York stock exchange bounded up 13 points in early Monday trading, but cooled off later for an average gain of 2.54 points.

In Britain, the Wilson government was presenting to Commons today a budget that was expected to include heavy tax hikes plus wage and income freezes in an attempt to curb consumer-imports demand and thus to get the British balance of payments out of the red. The prime goal is to improve the condition of the recently devalued pound.

## Johnson in Defense of Policies

By FRANK CORMIER  
Associated Press Writer  
WASHINGTON (AP) — "Just one final word," said Lyndon B. Johnson, and then proceeded to utter more than 1,000 words—words designed not only to defend his policies in Vietnam but to help insure his political survival.

If anyone ever needed proof the President is a campaign-seasoned fighter, here was vocal evidence that for him the slogan in 1968 hasn't changed from 1964. It's "LBJ all the way."

And, from a look at the week-end headlines, one might even gain the impression that, when political survival is at stake, Johnson is a rugged fighter.

Before the LBJ counter-attack, the headlines reflected a solid week of bad news, from his standpoint: The "moral victory" over Johnson by Minnesota Sen. Eugene J. McCarthy in New Hampshire's Democratic primary; the challenge to Johnson's presidency by Sen. Robert F. Kennedy, D-N.Y.; and finally a gold-dollar crisis of dimensions unrivaled in more than 30 years.

One might suspect Johnson would have been dismayed, if not bowed, by all this. Assuredly, he felt the onrush of events. But he came back fighting hard.

Indeed, Johnson's step seemed to become springier and his platform oratory more pointed as the challenge grew.

The headlines really tell the story of the Johnson counter-attack against the forces arrayed against him.

On Saturday, Kennedy was accorded free television-radio time to announce his candidacy for the presidency. Initially, most observers thought he had the headlines wrapped up for Sunday morning newspapers.

But these seers reckoned without Johnson. Unannounced, he went before an audience of top-drawer businessmen and voiced a rather determined defense of his embattled Vietnam policy.

And that was only the beginning. Simultaneously, "reliable sources" disclosed that Vietnam troop reinforcements would be moderate compared with the reported request for 206,000 additional men by Gen. William C. Westmoreland, U.S. commander in Vietnam.

What's more, the same sources disclosed that Johnson was secretly collaborating with leaders of Congress to make significant cuts in the federal budget—as the price for the higher taxes the President seeks.

Result: Johnson and the anonymous sources, wrapped into a single news account, captured headlines from Kennedy in many newspapers around the country.

In an abnormal time, of course, it is difficult to be sure what is normal and what isn't. The range of variation is pretty wide.

But there are certain standards by which to gauge how well you fit the pattern of an acceptable norm.

Here, for example, is an easy do-it-yourself quiz that will help you figure out your "NQ"—normalcy quotient. Ask yourself these questions:

Can you keep your head when all about you are losing theirs and blaming it on you?

When the bus driver pleads, "Awwright folks, please move to the back of the bus," do you immediately move back of the bus?

How about those PTA meetings at your kid's school? Do you faithfully attend every one of them?

Are you consistently kind to

## Gold Crisis Likely to Bring Deep Spending Cuts, Income Tax Hike

By EDMOND LABRETTON  
Associated Press Writer  
WASHINGTON (AP) — The lash of the gold crisis has driven the White House and Congress into a new round of negotiations that could produce deep spending cuts and an income tax increase.

Nobody was talking much, but there was reason to think that a serious effort is under way to break the long deadlock on the

issue of how big a spending cut President Johnson would have to accept to get his proposed 10 per cent income tax surcharge—or some variation of it.

The combine spending cut-tax hike will be expected to shrink the prospective \$20 billion red-ink figure in the nation's accounts.

Such a reduction would be counted on to strengthen confidence in the dollar and therefore bolster the emergency measures agreed on last week-end to check speculation in gold and maintain the present system of exchange between major Western currencies.

Following those weekend measures, the gold crisis was ebbing around the world. The dollar strengthened and gold prices sagged in Europe's markets Monday in overnight response to the seven-power agreement halting government sales to speculators and all other private buyers.

In Paris, scene of frenzied speculative attacks on the dollar last week, the gold price slid to \$40.10 an ounce after reaching \$44.36 Friday. In Zurich and Frankfurt gold went for \$33 to \$41 an ounce in quiet trading.

The opening offer of an economic drive came from President Johnson's side—to cut the budget by about \$9 billion in April.

So might his reaction to reports the White House leaked stories that Kennedy had offered to stay out of the race if Johnson would appoint a high-powered Vietnam commission to revise U.S. war policy.

While Kennedy feels he came out ahead in the exchange over the commission, he uttered this phrase Monday before 17,000 Kansas University students:

"This country needs honesty and candor in its political life and from the President of the United States."

The young people in the bleachers and those clustered around him on the highly varnished floor of the basketball court shouted approval and he continued:

"The President of the United States goes to a conference in Montevideo. He is confined to a well-guarded base while a U.S. destroyer patrols offshore."

"Can he go into the city of Montevideo itself? Can he travel through other countries of South America where a president of the United States once was so admired? I don't think we have to accept that."

"I don't think we should have to accept in the United States that the President has to go around the country visiting only military bases."

And earlier he vehemently states more firmly than ever his reaction to any possibility of being Johnson's running mate:

"I would under no circumstances accept the vice presidency under President Johnson."

Hope residents were assured today of a musical highlight on April 5, 1968 when RUBINOFF AND HIS VIOLIN, internationally famed popular concert artist, appeared at the High School Auditorium, here under sponsorship of the Hope Rotary Club, it was announced by Clyde Fouse, president.

"We feel indeed fortunate in being able to bring such a great artist to Hope," Mr. Fouse said today in making the announcement, "and we are all aggressively determined to make this one of the outstanding events of the season."

Pointing out that special committees and ticket selling locations would be announced soon, the local chairman urged all organization members "and others interested in civic betterment" to join in making the concert a huge financial success for the benefit of Rotary's Student Loan Fund.

RUBINOFF AND HIS VIOLIN, a long favorite American combination, is well-known to millions both from his current concert appearances, nationwide radio broadcasts with Eddie Cantor, television guestings, and his motion picture engagements. This tour is heralded as a concert "in tune with the times".

The famed musician will bring here for his concert the fabulous Stradivarius violin which, insured for \$100,000, is reputed to possess the most beautiful tonal qualities in the entire world; and a brand new program of famous favorites loved by people everywhere, such as Warsaw Concerto, Chopin's Polonaise, Debussy's Clair De Lune.

These compositions will have their premier performance as violin solos arranged and played by the maestro.

Tickets will be available soon.

## Claim Raids Are Known in Advance

SAIGON (AP) — Six North Vietnamese defectors said today that Hanoi's intelligence sources provide as much as 24 hours advance notice and the approximate location of U.S. B52 bombing raids in South Vietnam.

"Preposterous," said a senior U.S. officer on Gen. William C. Westmoreland's staff.

"The thing that disproves this statement is that many of the missions aren't even planned 24 hours in advance," the officer said.

The information has enabled North Vietnamese and Viet Cong forces to dig in and protect themselves from the huge bomb loads dropped by the high-altitude bombers, the defectors said.

Nguyen Cong Tan, a political officer who defected last summer, told newsmen at a Saigon news conference "the North Vietnamese Army knows 24 hours in advance about the B52 bombing" from agents in many foreign countries. He said he did not know specifically how Hanoi gets the notice.

La Thanh Dong, 33, a first lieutenant who defected near Khe Sanh last month, said: "Through foreign agents and the Central Security Service in Hanoi."

U.S. Pays to Unload Foreign-Aid Cargoes to Some 100 Nations

WASHINGTON (AP) — U.S. for today's subcommittee heard officials in a bid to plug a dollar drain—say they'll urge 16 nations to reduce their port charges for overseas unloading.

The war itself affects morale in "seemingly odd ways." An example of this is the rarity of what psychiatrists in previous wars termed "combat fatigue."

"There is not that much sustained combat as a rule there," one doctor said. "What we have is often the absence of combat, the feeling that the enemy is everywhere and the inability to get him. This causes some problems."

Even so, the psychiatrists feel there are no serious morale problems among the troops in Vietnam. While official statistics are inconclusive, one doctor estimates that only one-tenth of one per cent of the patients evacuated from the country are mental patients.

The civil rights and peace disorders in the United States frequently enrage the soldiers in the field. But this is considered an insignificant factor so far as morale is concerned, even among Negro soldiers who might be influenced the most.

Since the Communists began their offensive at the end of January, the U.S. casualty toll has been running close to 500 dead per week.

## Morale of American Fighting Man Never Waivers in Vietnam

By GEORGE MCARTHUR  
Associated Press Writer  
SAIGON (AP) — For three years of ever intensifying warfare in Vietnam, the morale of the American fighting man has never flagged.

The Communist offensive in February which wrought so much damage had only a peripheral effect on the spirit of the U.S. troops. In many instances the offensive improved morale, AP correspondents in the field report.

"Hell, my guys are raring for more," a battalion commander told newsmen.

This was demonstrated by countless tales of heroism—like the young Marine officer on leave who flew back and saw the Phu Cam Canal in darkness to rejoin his outfit in embattled Hue.

It would be oversimplification to contend that three years of mounting warfare has not resulted in some erosion.

The dictionary defines morale as a "moral or mental condition with respect to cheerfulness, confidence, zeal, etc."

Most observers would agree that by this definition the comparative handful of American advisers here in 1965 surpassed the average morale level of the 500,000 Americans now in Vietnam.

This decline, however, is hardly significant and is probably due as much to the leveling influence of the number of men involved as any other factor.

Personnel officers, psychiatrists and others concerned with the problem consider the U.S. 12-month rotation policy the biggest factor in maintaining morale. Another is the policy of giving every man at least one rest leave outside the country during his Vietnam tour.

The war itself affects morale in "seemingly odd ways." An example of this is the rarity of what psychiatrists in previous wars termed "combat fatigue."

## Marines Hit Rocket Firing Enemy Band

By ROBERT D. OHMAN  
Associated Press Writer  
SAIGON (AP) — U.S. Marines overran a rocket-firing band of North Vietnamese regulars Monday and reported killing 67 of the enemy in new fighting below the eastern end of the demilitarized zone.

This brought enemy casualties around the U.S. Marine base at Dong Ha to more than 900 since March 1. Twelve Marines were killed and 24 were wounded in the clash Monday four miles north of the big Marine supply base.

About 150 Marines were maneuvering to attack the enemy position when they were flanked by about 40 rounds of 140mm rocket fire. Allied artillery, helicopter gunships and fighter-bombers hammered the enemy lines for an hour, and then the Leathernecks attacked.

The heavy fighting ended quickly, as the enemy fled. The Marines captured three prisoners.

Dong Ha, headquarters of the 3rd Marine Division and supply depot for all allied outposts along the eastern half of the DMZ, has been under pressure from troops of North Vietnam's 324th Division that slipped through the buffer zone and past allied outposts earlier this year.

South Vietnamese forces have reported killing more than 700 of the enemy in the area this month while the Marines say they have killed more than 150.

Below the western end of the DMZ, North Vietnamese gunners hurled 125 rocket, mortar and artillery shells into the much-scattered Marine combat base at Khe Sanh Monday, A. U.S. military spokesmen said casualties as usual were light among the base's 7,000 defenders.

U.S. B52 bombers kept up their daily raids on the North Vietnamese troops encircling Khe Sanh.

The big bombers flying four missions Monday afternoon and this morning also hit enemy troop positions 16 miles north of Ban Me Thuot, in the Central Highlands.

The allied commands reported two other ground actions Monday in which 56 of the enemy were killed. Troops of the U.S. 11th Light Infantry Brigade killed 11 guerrillas along the coast 310 miles northeast of Saigon while suffering no casualties.

South Vietnamese infantrymen reported killing 45 enemy soldiers in a battle 35 miles southwest of Saigon and said their own casualties were light.

No major ground action was reported in the eight-day-old operation. The U.S. Command reported 821 enemy soldiers and 32 Americans have been killed, while a government spokesman said South Vietnamese losses have been light.
